GLS University

GLS University has been established with the objective of providing an ideal and creative learning environment and continuing the tradition of excellence in education of the sponsoring body of the University, viz., Gujarat Law Society (GLS).

Since its inception, GLS took a pioneering role by offering programmes in several disciplines such as Engineering, Business Management, Computer Technology, Commerce, Business Administration, Design, Law etc. Moreover, exclusive research degrees like Ph.D have also been introduced in various disciplines. All the courses being offered at GLS have been having high preference and acceptance in the student community as well as in the corporate fraternity.

GLS currently has more than 25,000 students pursuing their graduate, post graduate and doctoral level studies at various levels within the university and its constituent colleges/institutions. GLS has currently more than one million alumni, all established in several spheres of work including business, commerce, law, science, arts and culture. Several of these alumni are noted entrepreneurs. The university is currently hosted in a state of art campus within the heart of the city fully equipped with advanced technological tools to facilitate education.

Faculty of Computer Applications & IT

GLS University, through its Faculty of Computer Applications and Information Technology, offers a range of programs including BCA, BCA (Honors), MCA, M.Sc. IT, and the Integrated M.Sc. IT. The BCA and MCA programs were launched in 1999 with the mission to nurture the IT professionals of the future. All programs under this faculty are delivered using Open Source platforms, ensuring a modern and relevant education. The department boasts state-of-the-art infrastructure, featuring well-equipped computer labs. The institute has 95% of track record for campus placements and internship.

The BCA programme has been ranked amongst Top BCA colleges at National level and ranked 1st in Academic excellence in Gujarat State by India Today magazine.

Faculty of Engineering & Technology

The Faculty of Engineering & Technology at GLS University offers a 4-year full time Bachelor of Technology in Computer Science & Engineering, B.Tech (CS&E) The programme has been specifically developed keeping in mind industry requirements. It offers specialisation in 3 different tracks like Data Science, Cyber Security and Artificial Intelligence and Machine Learning. The course has been specifically developed so as to allow students to specialise in one of the three different tracks to meet the requirements of the IT sector.

Cyber Shadez - 2025

GLS University - Faculty of Computer Applications & Information Technology and Faculty of Engineering & Technology are hosting National Technical Festival - "Cyber Shadez 2025" based on the theme of "Digital Twin".

The objective of the TechFest is to provide a platform for the young and dynamic students to showcase their technical skills through the events which will be conducted during the TechFest and prior. It also intends to give the insight of how Digital Twin is going to impact the lives of people, industries and society.
